Customer poll T-02532A-03-0017

DEC #66510

Midvale Telephone has applied to the Arizona Corporation Commission for two-way extended area service to be granted between our Millsite Exchange (including Henderson Valley Ranch, Potato Patch, Millsite, Mountain Pine Acres, Crossroads Ranch I & II, Long Meadow, Poquito Valley and Antelope Meadows) and Qwest's Prescott exchanges (including Prescott, Prescott Valley, and Chino Valley). Extended area service (EAS) means that calls placed to and from a Midvale customer and a Qwest Prescott area customer would be considered as part of the local calling plan and so no long distance per minute charges would apply. If approved Midvale does not expect to pass any charges onto customers at this point; however, there is a possibility that a surcharge to cover the upgrades could be applied at any point. That surcharge is estimated to range between \$9 and \$13 per line per month.

Please indicate your support for or against such a local calling plan below and return this survey to us as soon as possible. Please note that this survey is required by the Arizona Corporation Commission and that all the results will be submitted to the Commission and become part of the public record.

- _____ I support local calling (EAS) for Midvale's Millsite exchange to/from Qwest's Prescott exchanges. I understand that I might be required to pay a surcharge to cover the costs of this service.
- _____ I do not support local calling (EAS) for Midvale's Millsite exchange to/from Qwest's Prescott exchanges under any circumstances.

Which subdivision do you reside in (or own property in)?

- _____ Henderson Valley or White Horse Ranch
_____ Potato Patch
_____ Millsite
_____ Mountain Pine Acres
_____ Crossroads I or II
_____ Long Meadow
_____ Poquito Valley or Antelope Meadows
